Crime Statistics Disclaimers

The statistics posted in this site are current as of September 9, 2015.

Information at this web site is provided as a public service by the California State University Fullerton Police Department (hereafter, University Police). Although every effort has been made to ensure the accuracy, currency and reliability of this data, the University Police makes no warranty or representation either expressed or implied with respect to its quality, performance or fitness for a particular purpose.

The statistical data is based upon preliminary information of police occurrence type, gathered from the records management system used by University Police. This information is not based on criminal charges or criminal conviction, and there is always the possibility of mechanical or human error. The preliminary crime classifications may be changed at a later date based upon additional investigation.

This data should not be relied upon for comparison purposes over time or for any reason. Because some incidents may become “stacked” (multiple incidents located at the same address), the number of incidents identified in other tables and reports may not be fully reflected. These situations may make comparisons between documents published with other criteria or parameters difficult or possibly misleading.

The statistical data contained in this document may be different from other documents as the crime code definitions in the California Penal Code, Clery Act defined crimes and the Uniform Crime Reporting Program may be different.
