Fondling

On February 5, 2018, the University Police received information from a Campus Security Authority (CSA) that two separate fondling incidents involving two different victims occurred in CSU Fullerton main campus student Housing. The first incident occurred on January 27, 2018 at an unknown time. The second incident occurred on January 31, 2018 at approximately 11:45pm.

All members of the campus community play an important role in ensuring a safe campus environment.

Please report all crimes and any suspicious persons or behavior to the University Police at (657) 278-2515. In case of an emergency, always dial 911.

We remind our campus community that consent is required for any type of sexual activity. The definition of Consent means an informed, affirmative, conscious decision by each participant to engage in mutually agreed-upon sexual activity. Consent must be voluntary, and given without coercion, force, threats, or intimidation. Consent can be withdrawn or revoked. Consent cannot be given by a person who is incapacitated. A person is incapacitated if s/he lacks the physical and/or mental ability to make informed, rational judgments. Sexual intercourse with a minor is never consensual when the victim is under 18 years old because the victim is considered incapable of giving legal consent due to age.

The Bystander Intervention Program is an initiative to help students learn and become confident with the process of intervening. Bystander intervention happens in a variety of context students are faced by, such as sexual violence, alcohol use, and stress. Step Up! supports student's intervening in situations using the 5 Steps of decision making: Notice the Event, Interpret the Event as a Problem, Assume Personal Responsibility, Know How to Help, and Stepping Up. Bystander Programs are for any and everyone who is looking to take on the challenge and Step Up! To schedule a bystander intervention training please contact our Violence Prevention Educator at alavila@fullerton.edu
