On 09/29/15, University Police received a confidential Campus Security Authority report that a non-stranger sexual assault occurred in CSU Fullerton student Housing. The sexual assault allegedly occurred on 09/26/15. The identity of the alleged perpetrator was not given to the University.

All members of the campus community play an important role in ensuring a safe campus environment.

We encourage all members of our community to intervene with anyone exhibiting signs of excessive intoxication, incapacitation, coercion and threat. Signs of intoxication include: dizziness and/or nausea, breathing or motion difficulties and acting disproportionately intoxicated relative to the amount of alcohol consumed. Examples of intervention include: an anonymous report to University Police, contacting a resident advisor or community coordinator in Housing, calling a friend for assistance and escorting the individual to his/her residence or safe place. Students are also encouraged to use the blue phones across campus which communicate directly to University Police.

The University Police is available 24 hours a day, 7 days a week to the campus community to provide support and police services. Please report any suspicious persons or behavior to the University Police at (657) 278-2515. In case of an emergency, always dial 911.

We remind our campus community that consent is required for any type of sexual activity. The definition of Consent means an informed, affirmative, conscious decision by each participant to engage in mutually agreed-upon sexual activity. Consent must be voluntary, and given without coercion, force, threats, or intimidation. Consent can be withdrawn or revoked. Consent cannot be given by a person who is incapacitated. A person is incapacitated if s/he lacks the physical and/or mental ability to make informed, rational judgments. Sexual intercourse with a minor is never consensual when the victim is under 18 years old because the victim is considered incapable of giving legal consent due to age.
