

UPD Training Submission Form (LIVE)

	Training Title	Training Description	Objective of Training	Does this training align with DEI practices?
54	Critical Incident Review	Officers reviewed an officer-involved shooting from Chicago PD that occurred in 2020. The video was just released as a result of a conviction.	The objective of the training was to impress upon officers the need for consistent, systematic, and thorough searches of subjects who are under arrest. In this critical incident, a suspect was not searched effectively and was able to shoot and injure an officer.	No
55	Mental Health in Law Enforcement	Training provided five key components in responding to and dealing with mental health issues faced by the law enforcement community.	To provide officers resources for their own mental health and identify warning signs.	No
56	California Incident Based Reporting System	The incident-based reporting system in which law enforcement agencies collect data on each crime occurrence and report it monthly to the Dept. of Justice and FBI.	Begin preparation for rolling out the new reporting tool to the police department officers.	No
57	Active Shooter Response	How officers respond to active shooter situations.	Used a video of a multi-agency response to an active shooter where officers arrive on the scene and engage the threat. Engaged in conversation after watching the video.	No
58	CSUF PD General Order 8-4 : Active Shooter/Terrorism	Review of CSUF PD General Order 8-4: Active Shooter/Terrorism	The purpose of this training is to review the protocol to save as many lives as possible, as quickly as possible, with consideration to the safety of those responding and to provide a comprehensive agency response plan for active shooter/terrorism situations.	Yes
59	Handling Armed Individuals in a Mental Health Crisis	Responding to armed individuals going through a mental health crisis.	Trained on how officers should respond to calls for service when the subject is armed with a weapon and going through a mental health crisis. De-escalation was discussed and the risk to officer safety.	No
60	Preparing Effective Police Reports	Effective reports are best when written in the 1st person. Include all the elements in chronological order that led to the decision that was made in the field.	Try to not leave questions unanswered. Try to see the incident/report from a defense lawyer's perspective. Be thorough, you may have to testify regarding the incident long after it occurred.	No
61	CSUF PD General Order 8-4: Active Shooter/Terrorism	Review of CSUF PD General Order 8-4: Active Shooter/Terrorism	The purpose of this training is to review the protocol to save as many lives as possible, as quickly as possible, with consideration to the safety of those responding and to provide a comprehensive agency response plan for active shooter/terrorism situations. The dispatcher's role was also discussed, as well as the various roles of other departments on campus and other agencies coming to assist.	Yes
62	Community Policing	Reviewed community policing and the importance of interacting with the community.	Reviewed recent events on campus such as graduation and the Jiu Jitsu tournament. We discussed the importance of getting out and interacting with the community to help with law enforcement relationships with the community.	Yes
63	Terry vs. Ohio: Pat Down Search vs Search Incident to Arrest	Case law was discussed and the difference between a pat down search for weapons vs a probable cause search incident to arrest. A video was shown where an officer missed a handgun in the subject's pants incident to arrest. The subject was able to bring his hands around to the front while handcuffed and shoot three officers once he was transported to jail when the cruiser door was opened.	The importance of knowing when a pat down search for weapons is legal and understanding the importance of a systematic and standardized search with respect to a search incident to arrest. Also discussed was the importance of each officer completing their own search when they have the suspect in their care.	Yes
